

# Register as a foreigner in Brazil

## Registrar-se como Estrangeiro no Brasil

### 1. Doing the registration

Once you have all the documents needed, fill the form according to your situation. You can either click directly on the “Iniciar” button or click on the link down below.

- Form : click in this link  
<https://www.gov.br/pf/pt-br/assuntos/imigracao/registrar-se-como-estrangeiro-no-brasil/formularios/capa> and choose “Registro de imigrante detentor de visto temporário”
- Documents needed : click in this link

- Cost of the Carteira de Registro Nacional Migratório : 204,77 reais

### 2. Picking a date

Once you have filled the form you’ll be able to pick a date to go to the Policia Federal’s unit that is defined by where you live. In this space (<https://servicos.dpf.gov.br/agenda-web/acessar>) you’ll be able to choose or change a date, check the chosen date and also cancel your appointment. You’ll need the solicitation number and your birth date to access it and you should pick “Migração” at the “Selecione o serviço desejado” space.

### 3. Go to the Policia Federal’s unit at the chosen date

You should go in person to the Policia Federal’s unit that is responsible for the immigration in your region (I imagine it will be indicated in the space you’ll access in the second step). This should take around 30 minutes.

### 4. Receiving your document (Carteira de Registro Nacional Migratório)

Your Carteira de Registro Nacional Migratório will be delivered to you in the Policia Federal’s unit where you have gone to at the previous steps (not 100% sure, you should check when you go there at the step 3).

It is necessary to check online if the document is ready or not. When it is ready you’ll see the message “Seu documento foi confeccionado e está pronto para ser retirado” and you’ll be able to fill a specific form that is needed to obtain your document.

Fill the form and pick a date to go get your document at the right Policia Federal’s unit. Some units don’t ask for an appointment, in this case the system will inform you that “não há agenda para o serviço escolhido”.

- Website to check where your dossier is at :  
<https://servicos.dpf.gov.br/sismigra-internet/faces/restrito/atendimento/pesquisarRequerimento.seam>

- Your appointment should take around 30 minutes and your document will take around 30 weekdays to be made once you done all the previous steps
